<b>Workshop Objective</b>	<b>Important Dates</b>	<b>About the Institution</b>
<p>The workshop focuses on the practical and research oriented aspects of software testing. The participants will be able to learn and apply a structured approach to software testing. The workshop is a blend of theory, application and case studies to reinforce the learning process.</p>	<p>Last date for receiving application form: 5<sup>th</sup> September, 2010.</p> <p>Intimation to the Participant: 6<sup>th</sup> September, 2010.</p> <p>Course date: 17<sup>th</sup> September, 2010</p>	<p>Delhi Technological University (formerly Delhi College of Engineering) was upgraded by the Government of NCT of Delhi in year 2009. It has 68 years of tradition of excellence in Engineering &amp; Technology Education, Research, &amp; Innovations, initially established with the name of Delhi Polytechnic, came in to existence in the year 1941 to cater the needs of Indian industries for trained technical manpower with practical experience &amp; sound theoretical knowledge. In 1952 the college was affiliated to Delhi University and started degree level programmes. DCE is the mother institution of a number of national institutes including IITD, SPA, College of Art and even the famous FMS. Till 1962 college was under the direct control of Ministry of Education, Government of India. In 1963, the administration of the college was handed over to Delhi Administration. DCE (Now DTU) has functioned from its historic Kashmere Gate Campus for almost 55 years &amp; has shifted in 1996 to its lush green sprawling present new campus of 164 Acres. Its shifting to new campus has added the dimension of research &amp; caused innovations in plenty, which has brought high national &amp; international acclaim.</p>
